## CPD Content Publisher: Build engaging & interactive courses

The **PowerHouse Content Publisher** builds engaging and interactive CPD courses with media, assessments and surveys.

Build your CPD courses for free with menus that display on PC, Mac, tablets, iPads, Smartphones and iPhones. The editor features inbuilt AI and supports languages.

## SCORM Compliant: Import SCORM 1.2, 2004 courses & xAPI

**PowerHouse Upskill** is fully *SCORM 1.2* & *2004* compliant. Upload SCORM courses to the platform and member completion data writes to course reports.

We also provide xAPI via integration with SCORM Cloud. Members access and complete CPD courses from external providers. Completion data is recorded.

## Deliver blended learning and interactive member onboarding

CPD Training Plans builds sequential CPD plans with prerequisite settings. Members need to complete a course to unlock the next course.

Create and deliver customised onboarding workflows for your members to collect data, uploads and deliver a professional welcome.

## Face-to-Face CPD Training with the Event Manager

The **PowerHouse CPD Event Module** manages your face-to-face CPD training sessions. The functions include:

- Automatic waitlisting
- Seamless registration
- Event marketing
- Integrates with Microsoft calendar
- Automated attendance certificates
- Option to offer eCommerce/invoices

## Professional Development with the CPD Webinar Manager

The **PowerHouse Webinar Module** manages online CPD training sessions via integration with Teams, Zoom & GoTo. Features include:

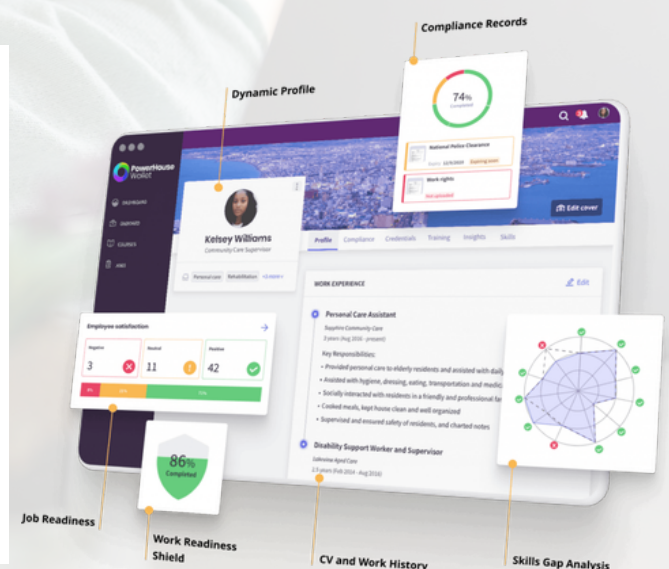

- Webinar registration in the portal
- Webinar marketing
- Integrates with calendars
- Automated attendance certificates
- Option to offer eCommerce/invoices

## Track progress with your CPD Wallet & Training Record

The **PowerHouse CPD Wallet** stores learner compliance, skills and competency files with a skill/compliance gap analysis.

The **CPD Training Record** features completed training sessions with linked completion certificates. Allows for recording external CPD training sessions during the time period.

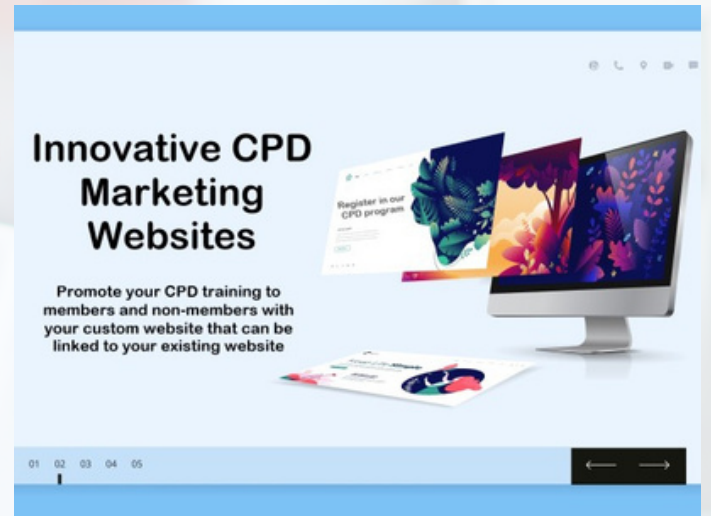

# Talent Acquisition and Candidate Job Role Ranking

## Dedicated CPD Marketing Website for your members

The PowerHouse CPD solution includes a dedicated CMS to build your member website to promote your CPD.

The website platform builds unlimited web pages and provides inbuilt search engine optimisation (SEO) to promote your CPD program. The CPD portal links to your current website.

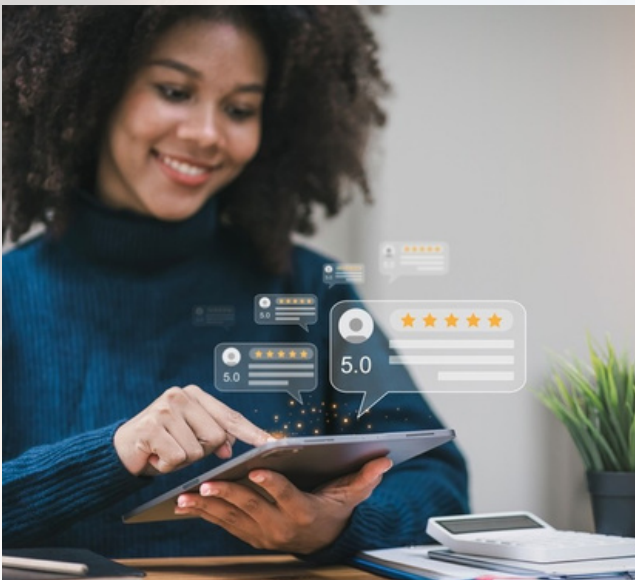

## Member feedback with surveys, polls, quizzes and insights

The **PowerHouse CPD LMS** features a wide range of member response tools including dashboard polls and quizzes.

Rated response surveys can be added to all courses, events and webinars to provide a star rating on the activities.

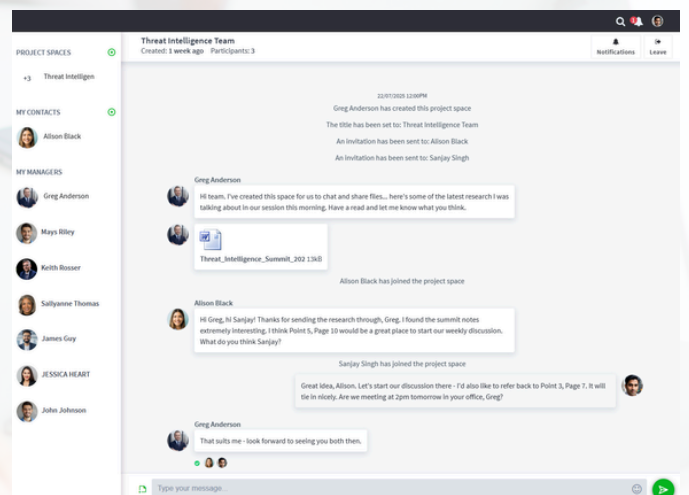

Members are complete insights surveys to capture sentiment & satisfaction feedback.

## Collaboration and mentoring with PowerHouse Messenger

The **Messenger Module** can be enabled to allow your teams to mentor and support your members.

Members can also create their own CPD groups and invite members to chat and share files online in collaborative forums.

# The CPD Learner Dashboard

The CPD Learner Dashboard provides your members with a personalised portal that features their personal CPD plans. The dashboard displays upcoming events and webinars, current courses and CPD Training Plans. It also presents to members your latest news, documents to download, alerts, CPD tracking, surveys, polls and quizzes.

The dashboard is titled "Cyber Security Professional Development" and is for user Sanjay Singh. It features a sidebar with navigation options: DASHBOARD, WORKFORCE WALLET, PRE-SCREENING, CPD TRAINING RECORD, ASSIGNED CPD COURSES, CPD TRAINING PLAN, CPD WORKSHOPS, CPD COURSE CATALOGUE, CPD WEBINARS, NEWS, DOCUMENTS, GROUP CHAT, SURVEYS, and HELP.

**WORKFORCE WALLET** (View): Shows user profile for Sanjay Singh, a training record for 1st July 2025 - 30th June 2026, and buttons for View and Print.

**ALERTS** (View all): Displays a message from Alison dated 22/07/2025 at 02:01PM, stating "Alison has messaged you" and "Alison said 'Yep, 2:30pm is great, thanks Sanjay. I've'".

**DOCUMENTS** (View all): Lists three documents for download: "Cybersecurity Incident Response Plan" (DOC), "Security Assessment Report" (XLS), and "System Security Plan" (PDF), all dated 21/07/2025 12:00AM.

**ASSIGNED CPD COURSES** (View all): Shows two courses: "Vulnerability scanning and manual penetration testing" (60% progress, Resume) and "Web" (Resume).

**LATEST NEWS**: Includes two news items: "Co-op partners with The Hacking..." (21/07/2025 12:00AM) and "Common Good Cyber Fund..." (21/07/2025 12:00AM).

**CPD OVERVIEW**: Shows the CPD Framework as "Cyber Security" and requirements. A progress bar indicates 10/20 hours completed. The CPD Due Date is 31 Dec 2025.

**THREAT INTELLIGENCE**: A circular progress indicator shows 5/6 items. Three items are listed: "Threat Intelligence lifecycle" (2 CPD), "Intelligence sharing frameworks" (1 CPD), and "Data collection and threat actor profiling" (2 CPD).

**UPCOMING ACTIVITIES**: Lists two events: "FIRST Annual Conference (Forum of Incident Response and Security Teams)" on 11 AUG at 72 Scarborough Street, 12:00AM; and "Understanding the ethos of our Safety Culture" Webinar on 30 AUG at 09:00AM.

**CPD TRAINING PLAN** (View all): Shows the "Cyber Incident Planning and Response (CIPR)" plan with a 67% completion rate. Three items are tracked: "Data collection and threat actor profiling" (Passed, 100%), "Intelligence sharing frameworks" (Passed, 100%), and "SIEM configuration and tuning" (Incomplete, 29%).

# Leverage Sponsorship Banners

The PowerHouse CPD Portal provides an opportunity for you to sell CPD sponsorship banners to your partners that reach your members and offset your license fees.

Boost memberships and provide new online CPD services to your members

- **Targeted Exposure:** Promote your organisation directly to industry professionals seeking accredited CPD programs and professional growth.
- **Build Brand Credibility:** Align your brand with trusted professional development and education standards.
- **Engage a Qualified Audience:** Reach new members and active learners in a focused, industry-relevant environment.
- **Lead Generation Opportunities:** Drive awareness and interest through strategic banner placements across high-traffic portal pages.
- **Showcase Your Commitment:** Demonstrate support for professional advancement and lifelong learning in your sector.

*"PowerHouse CPD LMS delivers the CPD program for our members. We promote the program in our custom website and we use the publisher to create courses. The members value the platform"*

**Abdul R. Membership Manager**

*"We use the CPD LMS to run the CPD programs for our members. We love the way members can monitor their CPD progress & add external CPD to their Training Record."*

**Sara H. CPD Manager**
