Talent attraction and acquisition

Pre-screen candidates against your job roles

The **PowerHouse Talent Marketplace** provides AI recruitment insight and loads candidate and employee profiles into ranked talent pools.

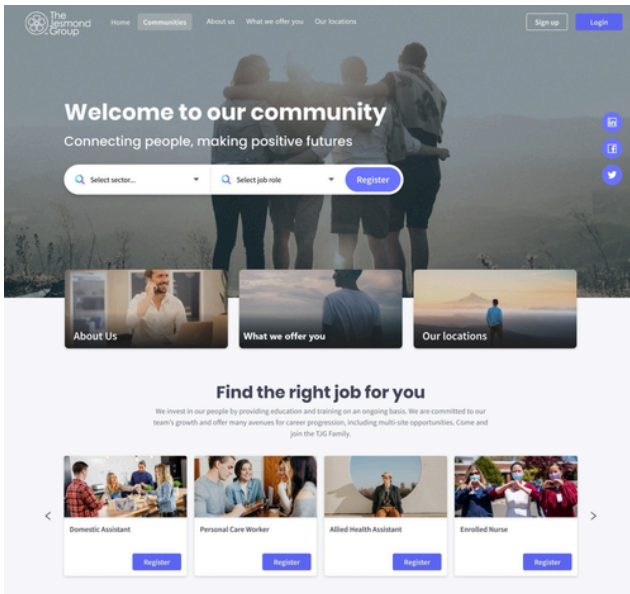

The software reads and ranks CVs and your candidates complete job role pre-screening to build Job Match and Work Ready scores.

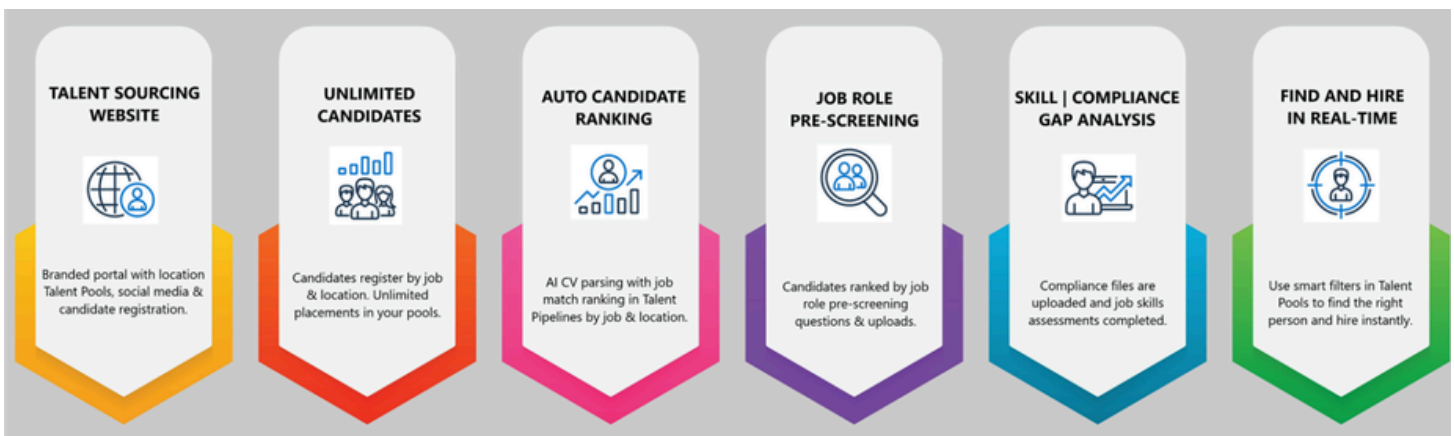

Stunning careers portal to attract jobseekers

The **PowerHouse Talent Marketplace** provides a branded talent attraction portal with the following features:

- **Jobseeker Registrations:** Candidates view career opportunities and register.
- **CV Parsing and Ranking:** Candidates upload required files and CVs and appear in ranked talent pools.
- **Profile key job roles:** HR offer targeted d plans to attract talent for current roles.

Talent attraction, screening & selection workflow

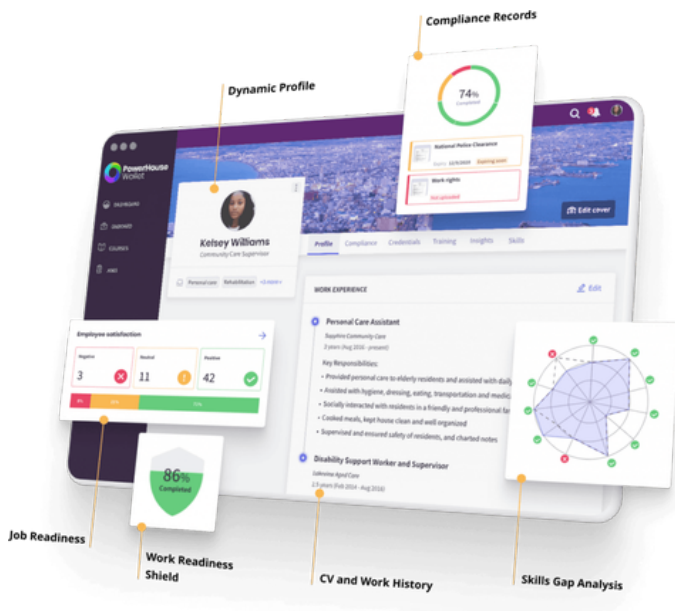

Build new talent pipelines

Build a continuous pipeline of high-quality talent

PowerHouse Talent Marketplace builds a high-quality talent pipeline using targeted LinkedIn, Facebook & Instagram campaigns.

Integrated “Refer a Friend” campaigns further extend your reach by encouraging employees to leverage their own networks to attract trusted talent.

Personal Workforce Wallets with Job Readiness Scores

The platform creates a dynamic **Workforce Wallet** for every candidate, continuously tracking competencies, verified skills, qualifications and certifications.

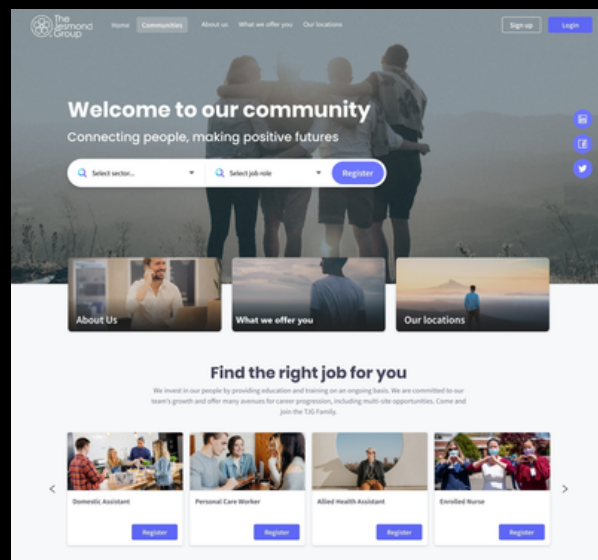

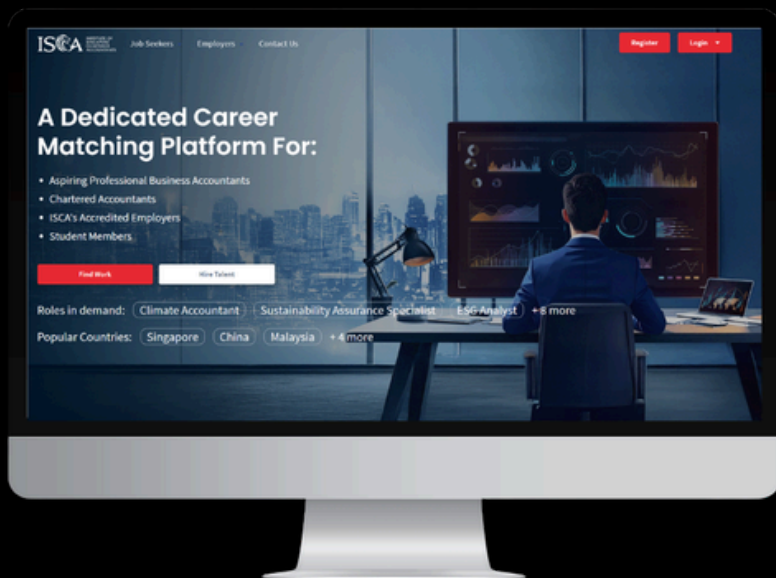

Candidates provide information on their availability, salary expectation, work type and work locations.

Search, filter and shortlist from your talent pools

PowerHouse Talent Marketplace enables HR teams and Hiring Managers to quickly search, filter and shortlist candidates from their talent pools using skills, qualifications, experience, location, availability and compliance criteria.

Intelligent candidate matching and search tools help identify the best-fit applicants faster, while improving hiring quality.

"PowerHouse Marketplace has streamlined our recruitment process, helping us attract stronger candidates, fill vacancies faster and build an ongoing pipeline of future talent."

Sally R. Hiring Manager

"PowerHouse Marketplace has transformed the way we recruit. We now have a pipeline of quality candidates ready to engage, reducing our time-to-hire while improving the quality of every hire."

Abdul B. HR Director

PowerHouse Talent Marketplace helps organisations attract, engage and hire quality candidates through targeted recruitment campaigns, talent pools, employee referrals and intelligent candidate matching, reducing recruitment costs and accelerating hiring.
